INTRODUCING

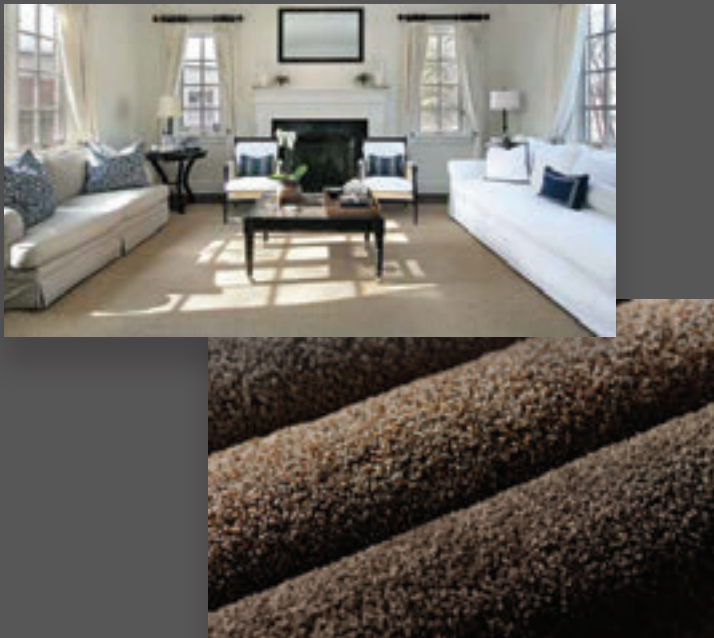

FlexBac™

Introducing FlexBac™

Once again, Innovation Reinvented by Engineered Floors®, and this time it's "A Better Backing System". FlexBac™ is the first premium backing system offered within the entry-level residential product category. Not only does FlexBac™ offer unprecedented flexibility and dimensional stability, but also the first 10 year anti-delamination warranty in the category. FlexBac™ has NO latex, thus increasing the ease of installation by being lighter, more flexible and softer, saving time, energy and money.

1st to market with this new Innovative Backing System

"There is nothing else like it in the market. It is a new innovation in installation."

- James Mullins, Installer

"Steps are a breeze."

- Greg Frank, Store Owner & Installer

FlexBac™ Benefits & Attributes
